

## **Perforce Software Expands Asia Pacific Presence With New Office in Sydney**

**Perforce customers in Australia increase nearly 40 percent in 2006**

ALAMEDA, Calif., January 23, 2007- Perforce Software today announced its continued expansion in the Asia Pacific region with the opening of a new office in Sydney, Australia. This move enables Perforce Software to provide better support for its existing customers in Australia, India and China, as well as positioning the company for additional growth in the region as the worldwide popularity of Perforce SCM continues to increase.

Perforce Software develops Perforce, the Fast Software Configuration Management (SCM) System, an award-winning tool that versions and manages source code and digital assets for enterprises large and small.

“We have carefully managed our growth over the years to ensure that each step maintains our ongoing stability and quality of service,” said Nigel Chanter, chief operating officer of Perforce Software. “While Asia Pacific has always been an important market for us, the substantial customer growth we have seen in the region over the last year has made opening this office an obvious progression.”

Over the last year Perforce customers in Australia have increased nearly 40 percent. Notable Asia Pacific customers include Canon, Panasonic, Samsung, Toshiba, Toyota, Wipro and Sony.

More than 200,000 developers at 4,000 organizations use the Perforce SCM system worldwide.

Perforce Software’s new office is located at 100 Walker Street, North Sydney, NSW, 2059, Australia.

### **About the Perforce SCM System**

Perforce, the Fast Software Configuration Management System, is an award-winning tool that tracks and manages software development for enterprises large and small. Perforce is easy to install, learn and administer; seamlessly handles distributed development, and supports developers across more than 50 operating systems. Perforce ensures development integrity by grouping multi-file updates into atomic changes, enables concurrent development, and intelligently manages multiple software releases using its Inter-File Branching system.

### **About Perforce Software**

Founded in 1995, Perforce Software Inc. develops, markets, and supports Perforce, the Fast Software Configuration Management System. Perforce

Software is headquartered in Alameda, Calif., and sells worldwide. The company has international operations in Europe, Japan, India and Australia.
