SAFE HARBOR
Safe harbor statement under the Private Securities Litigation Reform Act of 1995: This presentation may contain forward-looking statements that involve risks, uncertainties, and assumptions. If any such uncertainties materialize or if any of the assumptions proves incorrect, the results of salesforce.com, inc. could differ materially from the results expressed or implied by the forward-looking statements we make. All statements other than statements of historical fact could be deemed forward-looking, including any projections of subscriber growth, earnings, revenues, or other financial items and any statements regarding strategies or plans of management for future operations, statements of belief, any statements concerning new, planned, or upgraded services or technology developments and customer contracts or use of our services. The risks and uncertainties referred to above include – but are not limited to – risks associated with developing and delivering new functionality for our service, our new business model, our past operating losses, possible fluctuations in our operating results and rate of growth, interruptions or delays in our Web hosting, breach of our security measures, the outcome of intellectual property and other litigation, risks associated with possible mergers and acquisitions, the immature market in which we operate, our relatively limited operating history, our ability to expand, retain, and motivate our employees and manage our growth, new releases of our service and successful customer deployment, our limited history reselling non-salesforce.com products, and utilization and selling to larger enterprise customers. Further information on potential factors that could affect the financial results of salesforce.com, inc. is included in our annual report on Form 10-K for the most recent fiscal year ended January 31, 2010. This documents and others are available on the SEC Filings section of the Investor Information section of our Web site. Any unreleased services or features referenced in this or other press releases or public statements are not currently available and may not be delivered on time or at all. Customers who purchase our services should make the purchase decisions based upon features that are currently available. Salesforce.com, inc. assumes no obligation and does not intend to update these forward-looking statements.
Perforce: Enablers of Rampant Growth

Perforce: The Internals & Infrastructure

Seth Miller
Senior P4 & Systems Engineer
Salesforce.com
Perforce at Salesforce.com today
The architecture
Our primary server

- >1.2TB metadata
- ~5 million transactions/day spiking to 10 million
- ~4K commits/day spiking to 9K
We love to test

- Average >550K tests/hour
- Peaks at 1.9 million
- Trigger enforcement
Even with these numbers, Perforce is boring
Load? What load?
The future
Steady growth means we’ve got work to do
Supporting a global company

- 26 different countries
- Many new acquisitions
- Force multipliers needed
Git Fusion pilot program

• Developers love Git
• Salesforce needs compliance
• Fusion is the bridge we need
